Water Based Gold Paint

Water Based Gold Paint

Water-based metallic paint is synonymous with "gold" representing noble and luxurious decoration. Decorate the walls with metal as ornaments, with historical origins. Vanlei water-based metallic paint originated in 1997. It was the first domestic company to launch pure water-based "metal" products to the market, filling the gap in the domestic market where oil-based copper powder has been used as a "golden" decorative effect. Let the home furnishing market sparkle and shine.

01.*Main Ingredients*

Acrylic emulsion, water, pearl powder

02.*Product Features*

A. The paint film is durable and looks like new for a long time

B. Easy construction, economical and durable

C. Water-soluble substances, environmentally friendly and non-toxic

D. Gold content up to 50%

03. *Scope of application*

✅ Suitable for interior/exterior walls. Wall ceiling, gypsum line, high-end interior wall buildings, palaces, sculpture crafts, etc.

04. *Complementary system*

✅ Water Based Gold Paint

✅ (Optional) Texture Paint

✅ primer

05. *Technical parameters*

Material Properties	Solvent-free (water-based)
Dry film thickness	100-150μm
Drying time (surface drying)	<2h(25-27°C)

Drying time （hard）	>72h(25-27°C)
Coating layer	2 times
Service life	> 10 years
Storage	Multicolour
Paint color	5-35°C， cool， dry
Net Weight	1kg
Package	
Package Size	13*13*13cm

✅ ***Reference Dosage***：4-6㎡/kg

✅ ***Tools***：wool roller, spray gun

✅ wool roller ✅ spray gun

06.*Substrate requirements*

① Water-resistant putty powder must be used, and the surface is smooth without falling off or falling off.

② (Slight) When powder falls: Roller coat Vanlei anti-alkali primer (mixed with water 10-20%) once, and then apply after 12 hours.

07.*Construction method*

01.Roller coat alkali-resistant primer 1-2 times

02.Spray Texture Paint evenly from top to bottom from left to right, and master the number of sprayed layers according to the required spray point density

03.After about 5 minutes, use a bare roller dipped in gasoline to roll Texture Paint

04.After the surface is dry, polish and remove dust

05.Spray Water Based Gold Paint evenly 2-3 times

08. *Shelf life*

12 months in a dry state at room temperature (at the time of original shipment)

09. *Implementation Standard*

GB 18582-2020 Limit of harmful substances of architectural wall coatings

10. *Environmental commitment*

This product does not add any heavy metals and other harmful substances, does not exceed the latest national standards for the limit of harmful substances in interior decoration materials, and is fully in line with the technical requirements of China's environmental products.
